## **BOOK SYNOPSIS**

This book uses a chronological approach to present development across the life span, drawing on the psychosocial theory of Erik Erikson to provide a conceptual framework. The authors address physical, intellectual, social, and emotional growth in all life stages, focusing on the idea that development results from the interdependence of these areas at every stage, and placing special emphasis on optimal development through life. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
